National Omnibus Survey

STATARA

Top Lines: Round 4

November 28, 2023

Methodology

American Strategies and Statara designed and administered this survey using panel respondents provided by a third-party vendor. Respondents were randomly selected for participation and screened for voter registration status. Responses were collected between November 14th and November 27th, 2023. 1,019 responses were collected, yielding a margin of error of 3%.

ENERGY

Variable Name: EDLL

Question: Most fossil fuel pipelines run across privately held land. Companies pay landowners for the use of the land through something called a land lease agreement, which is a private transaction between the company and the landowner where the owner is paid for the use of his or her land. This is how most pipelines are constructed.

Does this information make you (ROTATE) more or less likely to support the construction of a fossil fuel pipeline, or does it make no difference to how you feel?

	Count	Percent
Total Answering	954	100.0%
Much more likely	156	16.4%
Somewhat more likely	493	51.7%
Somewhat less likely	216	22.6%
Much less likely	89	9.3%

ENERGY

Variable Name: FFPIPE
